Important Notices and Reminders

Please can your child have a sun hat that can be kept at nursery as they wear it every day to protect from UV rays etc and we only have a limited amount of spares.

Thank you.

Preparing Your Child for School

Promoting Independence

Your child will really benefit from being as independent as possible when they start school. Of course teaching staff will always be on hand to help, but children feel a real sense of achievement when they can accomplish things by themselves! Examples include being able to dress and undress independently, as this will really help with PE sessions. Learning to tie shoelaces can be tricky, so provide opportunities to practise this skill and also explore different types of fastenings, for example, Velcro.

Children in reception will also have access to an outdoor space throughout the day, so being able to put their coat on and zip it up independently will really help them - as will being able to put on a pair of shoes or taking off their jumper when they get hot. It also means that they can get straight to their playing and learning without having to stop and ask an adult for help!
