

This week in Caterpillars Class we.....

- ◆ Made binoculars to look at birds in our nursery garden.
- ◆ Hunted to find pictures of birds around the playground and learnt their names.
- ◆ Used our artistic skills to draw pictures of birds and described their features.
- ◆ Got creative in the hair and beauty salon with colour mixing and hand painting.
- ◆ Celebrated Burns night with making shortbread and watched some Scottish dancing.

Next week in Caterpillars Class we will be...

- ◆ Looking at animals that hibernate and create junk modelling homes for these sleepy creatures.
- ◆ Practising our pincer grip and our counting by playing a hedgehog peg game.
- ◆ Making some nutritious fruit and vegetable juice with a juicing machine.
- ◆ Decorating a cake, making icing flowers and preparing a tea party for the class

Home learning :

- Why not take some pictures of numbers that you see within your environment (front door/on a bus/ in a shop etc.) Bring them in or send them to us so we can talk to your children when we do their Newsbook about what numbers they have seen.

Important Notices

We are delight to inform parents that Miss Lacey has passed her apprenticeship with flying colours and is now a level 2 qualified nursery practitioner

Well Done Miss Lacey!
