

Ladybirds Class Newsletter

27/01/2023

This week in Ladybirds Class we ...

- ◆ Practiced our cutting skills with scissors by following straight and wavy lines.
- ◆ Talked about animals that are wild and those that we keep as pets as we cared for animals in our vets role play area.
- ◆ Made clocks to help us learn about sequencing numbers and learning routines of the day.
- ◆ Learnt about objects which are big and small during small group activities.
 - ◆ Made binoculars to hunt around the garden spotting birds.

Next week in Ladybirds Class we will

- ◆ Make nutritious vegetable and fruit juice using a juicing machine.
- ◆ Make a picture frame of our families using the 'You Choose' book to inspire us.
- ◆ Practice counting out our numbers as we add our ingredients to our potions and spells .
- ◆ Use our gross motor skills as we wave our incredible hulk green streamers that we will make.

Home learning...

- 🌀 Look at birds in your garden. Why not count them and talk about their differences.
